# TITLE 3-THE PRESIDENT **EXECUTIVE ORDER 10050**

CREATING AN EMERGENCY BOARD TO INVES-TIGATE A DISPUTE BETWEEN THE RAIL-WAY EXPRESS AGENCY, INC., AND CERTAIN OF ITS EMPLOYEES

WHEREAS a dispute exists between the Railway Express Agency, Inc., a carrier, and certain of its employees represented by the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employes, a labor organization; and

WHEREAS this dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, as amended; and

WHEREAS this dispute, in the judgment of the National Mediation Board, threatens substantially to interrupt interstate commerce to a degree such as to deprive a large section of the country of essential transportation service;

NOW, THEREFORE, by virtue of the authority vested in me by section 10 of the Railway Labor Act, as amended (45 U. S. C. 160), I hereby create a board of three members, to be appointed by me, to investigate said dispute. No member of the said board shall be pecuniarily or otherwise interested in any organization of employees or any carrier.

The board shall report its findings to the President with respect to the said dispute within thirty days from the date of this order.

As provided by section 10 of the Railway Labor Act, as amended, from this date and for thirty days after the board has made its report to the President, no change, except by agreement, shall be made by the Railway Express Agency, Inc., or its employees in the conditions out of which the said dispute arose.

(iv) When draw cannot be opened immediately, or when it is open and must be closed immediately. A red flag by day or a red lighted lantern by night, swung in vertical circles at arm's length in full sight of the vessel. (This signal may also be used by a vessel to countermand its call signal.) Thereafter, as soon as the draw can be opened, the draw tender shall give the opening signal.

(3) Fog signal. When fog prevails by day or by night the draw tender, after giving the opening signal, shall toll a bell continuously during the approach

and passage of the vessel.

(c) Prompt opening required except when delayed by train. Except as otherwise provided in paragraph (e) of this section, the draw shall be opened with the least possible delay on receiving the prescribed signal: Provided, That the draw shall not be opened when a train is

approaching so closely that it cannot safely by stopped before reaching the bridge, or when a passenger or mail train is approaching within sight or hearing of the draw tender.

(d) Interference with operation of bridge prohibited. Trains and vehicles shall not be stopped on a drawbridge for the purpose of delaying its opening, nor shall watercraft be navigated so as to hinder or delay the operation of the draw, but all passage over or through a drawbridge shall be prompt to prevent delay to either land or water traffic.

(e) Bridges where constant attendance of draw tenders is not required.
 (1) The owners of or agencies controlling the bridges listed in subparagraph
 (5) of this paragraph need not keep draw tenders in constant attendance.

(2) Whenever a vessel, unable to pass a closed bridge, desires to pass through the draw, advance notice, as specified, of the time the opening is required must be given to the authorized representative of the owner of or agency controlling the bridge to insure prompt opening thereof at the time required.

(3) On receipt of such advance notice, the authorized representative, in compliance therewith, shall arrange for the prompt opening of the draw on proper signal at approximately the time speci-

fled in the notice.

(4) The owners of or agencies controlling each bridge shall keep conspicuously posted on both the upstream and downstream sides thereof, in such manner that it can easily be read at any time, a copy of the regulations in this section pertaining to the bridge together with information as to whom notice should be given when it is desired that the bridge be opened and directions for communicating with such person by telephone or otherwise.

(5) The bridges to which this paragraph applies, and the special regulations applicable in each case, are as follows:

### TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I-Bureau of Land Management, Department of the Interior

> Appendix-Public Land Orders [Public Land Order 580]

> > ARIZONA

REVOLVING PUBLIC LAND ORDER NO. 192 OF NOVEMBER 2, 1943; WITHDRAWING PUBLIC LANDS FOR USE OF WAR DEPARTMENT AS AN AERIAL GUNNERY RANGE

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Public Land Order No. 192 of November 2, 1943, withdrawing public lands for the use of the War Department as an aerial gunnery range, is hereby revoked.

The jurisdiction over and use of such land granted to the War Department by Public Land Order No. 192 shall cease upon the date of the signing of this order. Thereupon, the jurisdiction over and administration of such land shall be vested in the Department of the Interior and any other Department or agency of the Federal Government according to their respective interests then of record.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on May 6, 1949. At that time the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) Ninety-day period for preferenceright filings. For a period of 90 days from May 6, 1949, to August 5, 1949, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. 279-283), subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2).

(b) Twenty-day advance period for simultaneous preference-right filings. For a period of 20 days from April 16, 1949, to May 5, 1949, inclusive, such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a.m. on May 6, 1949, shall be treated as simultaneously filed.

(c) Date for non-preference-right filings authorized by the public-land laws. Commencing at 10:00 a. m. on August 6, 1949, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) Twenty-day advance period for simultaneous non-preference-right filings. Applications by the general public may be presented during the 20-day period from July 16, 1949, to August 5, 1949, inclusive, and all such applications, together with those presented at 10:00 a. m. on August 6, 1949, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting pref-erence rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office, Phoenix, Arizona, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254), and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the Small Tract Act of June 1, 1938. shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office, Phoenix, Arizona.

The lands affected by this order are the public lands in the following described areas:

DOMESTIC TELEGRAPH SPEED OF SERVICE STUDIES

NOTICE OF PROPOSED RULE MAKING

In the matter of proposed amendment of Subpart B of Part 64 of the Commission's rules and regulations governing domestic telegraph speed of service studies, Docket No. 9276.

 Notice is hereby given of proposed rule making in the above-entitled matter.

2. A proposed amendment of Subpart B of Part 64 of the Commission's rules and regulations is annexed hereto which contains revisions in rules and regulations governing domestic telegraph speed of service studies that appear desirable because of changed operating methods occasioned by the modernization program of the Western Union Telegraph Company, and for the purpose of effecting certain modifications which appear desirable in the light of studies made in connection with past speed of service reports by Western Union. The proposed amendment incorporates changes in §§ 64.202, 64.205, 64.221, 64.224, 64.246, 64.251, 64.252, 64.261, 64.262, 64.263, 64.264, 64.271, 64.282 and 64.283 of the present rules.

3. The proposed amended rules are issued under the authority of the Communications Act of 1934, as amended, and sections 201, 214 and 218 thereof in particular.

4. Any interested party who is of the opinion that the proposed amendment should not be adopted, or should not be adopted in the manner set forth herein, may file with the Commission, on or before May 2, 1949, a statement or brief setting forth his comments. At the same time persons favoring the amendment as

proposed may file statements in support thereof. Before taking action in the matter, the Commission will consider all such comments that are presented; and, if any comments are submitted which appear to warrant the holding-of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

5. In accordance with the provisions of \$1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: March 30, 1949. Released: March 31, 1949.

FEDERAL COMMUNICATIONS
COMMISSION,
T. J. SLOWIE,
Secretary.

Amend Subpart B of Part 64 of the Commission's rules and regulations to read as follows:

SUBPART B-DOMESTIC TELEGRAPH SPEED OF SERVICE STUDIES

DEFINITIONS .

§ 64.201 Message center. A "message center" means any telegraph operating room whose primary function is sending and receiving telegrams by telegraph, telephone, tube, or belt conveyor and which is usually separated from any public office on the premises. In the case of main offices comprised of several operating units, such as telephone centers, tieline centers and trunk centers, all such units together shall be considered one message center.

§ 64.202 Delivery office. A "delivery office" is an office operated by the company from which messages are dispatched for physical delivery by messengers or delivery by telephone.

§ 64.203 Business routes. A "business route" means any route whose due-out time is controlled by a business message.

§ 64.204 Sent wire numbers. A "sent wire number" means the channel message serial number assigned, usually beginning each day with the number 1, to messages over each channel each day.

§ 64.205 Time filed. "Time filed" (except in the case of multiple address messages) means the time a message is first accepted at an office for transmission. In the case of messages received in an office by messenger, the time the messenger returns to the office from the pickup run shall be the time filed. In the case of messages filed at the counter, the time the transaction with the sender is completed shall be the time filed. In the case of messages filed or corrected over the telephone, the time the transaction with the sender is completed shall be the time filed. In the case of messages filed over a tieline, the time the message is acknowledged shall be the time filed. In the case of multiple address messages where individual copies of the message are not filed, the time filed shall be no later than the time duplicating and addressing, prior to transmission, is completed.

§ 64.206 Time delivered. "Time delivered" means the time a message is delivered to the addressee (or to a person authorized to receive the message for the addressee) or the first attempt to make such delivery.

§ 64.207 First attempt. "First attempt" means: In the case of teleprinter tieline delivery, the time transmission was attempted but could not be made because the addressee did not answer or, having answered, requested later transmission; in the case of telephone delivery, the time the addressee's telephone is reported to be busy or not answered or the addressee is not available to receive the message. In all such cases there shall be noted on the message the "first attempt" time and the reason for non delivery.

§ 64.208 Message center speed of service. Message center speed of service is the interval of time between the receipt of a message in a message center to the time of transmission from that message center.

§ 64.209 Origin to destination speed of service. Origin to destination speed of service in the case of messages delivered by private customer tieline or by telephone, means the interval between time filed to time delivered. In the case of messages delivered by messenger it means the sum of three separate studies herein provided as follows: (a) Time filed to time received at delivery offices, (b) time received at delivery offices to time routed out and (c) time routed out to time delivered.

#### GENERAL PROVISIONS

§ 64.221 Instructions for the conduct of domestic telegraph speed of service studies and the submission of reports thereof. The Western Union Telegraph Company shall conduct monthly speed of service studies in accordance with the provisions of § 64.201 to 64.283 in the following twenty-five cities: Atlanta, Ga.; Baltimore, Md.; Boston, Mass.; Buffalo, N. Y .; Charlotte, N. C.; Chicago, Ill.; Cincinnati, Ohio; Cleveland, Ohio; Dallas, Tex.; Denver, Colo.; Detroit, Mich.; Kansas City, Mo.; Los Angeles, Calif.; Minneapolis, Minn.; New Orleans, La.; New York, N. Y.; Oakland, Calif.; Philadelphia, Pa.; Pittsburgh, Pa.; Portland, Ore.; Richmond, Va.; St. Louis, Mo.; San Francisco, Calif.; Syracuse, N. Y. and Washington, D. C., and shall file with the Commission, not later than the twentieth day of each succeeding month, reports thereof in quadruplicate, in accordance with § 1.560 of the Commission's rules and regulations.

§ 64.222 Messages to be marked with a filing time. All classes of messages which were marked with a filing time according to company practice on or after March 1, 1943 shall continue to be marked with a filing time as prescribed in § 64.205.

§ 64.223 Computation of daily load. The 24-hour daily average message load shall be determined on the basis of messages handled the previous month on all days, Monday through Friday, required to be studied.

§64.224 Types of messages to be tallied. Of the messages selected, as hereinafter provided, the following shall be tallied by time intervals on speed of service tally sheets: Government (priority, full rate, and serial), Priority Messages, X and RX, Money Order, CND, Full Rate, Serial and CAK.

§ 64.225 Suspension of tallying. Speed of service tallies shall not be taken with respect to messages handled on the following holidays: New Year's, Independence Day, Labor Day, Thanksgiving, and Christmas; and on the day immediately preceding each of the foregoing holidays. In the event of a serious and unusual communication emergency such as that caused by flood, earthquake, strike by respondent's employees, or fire, tallying may be suspended. In such cases, however, the Commission shall be

promptly notified of any city at which studies are suspended. Any suspension of tallying pursuant to the provisions of this section shall be noted and explained on the monthly summary forms filed with the Commission.

§ 64.226 Company instructions to offices making studies. Two copies of all general instructions and of any amendments thereto issued to field offices for the purpose of complying with \$1.560 of this chapter and §§ 64.201 to 64.283 shall be filed with the Commission upon issuance.

§ 64.227 Summary reports. The results of tallies of speed of service shall be summarized monthly at each city on forms approved by the Commission. The individual monthly summaries shall then be forwarded to the headquarters office of the carrier for completion of F. C. C. Form 338-A, Monthly Summary of Message Center Speed of Service, and on F. C. C. Form 338-B Monthly Summary of Origin to Destination Speed of Service.

MESSAGE CENTER SPEED OF SERVICE; TALLY ROUTINE FOR MANUALLY OPERATED MESSAGE CENTERS

§ 64.241 Tallies, when made. Speed of service tallies at manually operated message centers shall be made after 7 p. m. the day of transmission but not later than the day following transmission of the messages under study except that any tally to be made on a holiday may be postponed to the following day.

§ 64.242 Volume of message to be tallied. At each office studied there shall be tallied for each day, Monday through Friday, not less than one-quarter of 1% of the total 24-hour daily average of manually sent and received messages, provided, however, that for each such day a minimum of 75 messages shall be tallied by time intervals.

§ 64.243 Selection of message groups.
(a) Groups of messages to be sampled shall be selected for tallying in the following manner:

(1) Each compartment designation of the file cabinets containing messages transmitted over teleprinter or multiplex circuits, excluding those designations or compartments containing only messages sent over tieline circuits, shall be entered on a card. Where large groups of messages, such as government messages, have in the past been filed separately from other messages without subdivision, subdivisions of such groups shall be made and a designation for each subdivision entered on a card so that there will be a representative number of cards for the number of messages in such groups.

(2) The entire set of cards shall be thoroughly shuffled daily and a number withdrawn to determine the groups of messages from which tallies will be made. These cards shall be withdrawn and used in the order of their appearance in the pack, so that the cumulative number of messages sent between 9:01 a. m. and 6:00 p. m. contained in the compartment or groups represented by the cards used is approximately 2½% of the average 24-hour daily manually sent and received messages.

§ 64.244 Selection of messages to be tallied. (a) The individual messages to be tallied from the compartments or groups selected shall be determined from the sent wire number as follows:

(1) A set of ten cards shall be prepared, each card bearing one of the digits

0 to 9.

(2) The ten cards shall be thoroughly shuffled face down. The digit appearing on the bottom card shall determine the messages to be tallied. Each message in the selected compartments or groups transmitted between 9:01 a. m. and 6:01 p. m. on which the sent wire number ends in the digit selected shall be tallied.

(3) If, in accordance with the foregoing instructions, the required 75 message tallies by time interval are not obtained upon examination of the messages in the compartments or groups originally selected (containing approximately 21/2% of the average 24-hour daily sent and received messages) a number of additional message compartments shall be selected and examined in the order their designations appear in the shuffled pack. In no event, however, shall it be necessary to select and examine more than 3½% of the total average 24-hour sent and received messages. If experience shows that examination of 31/2% of the total average 24-hour daily manually sent and received messages does not produce 75 tallies by time interval, however, additional messages in the compartments examined shall be selected and tallied by simultaneous use of one or more additional digits. These digit numbers shall be selected in order from the bottom of the pack of digit cards. In no case, however, shall less than 21/2% of the average 24-hour daily sent and received messages be examined for tallying when two or more digits are used

§ 64.245 Measurement of time interval, (a) The time interval for tallied messages shall be measured as follows:

(1) In the case of messages received from public offices or message centers over teleprinter or multiplex circuits manually operated at the transmitting end the time interval shall be measured from digit time to time sent.

(2) In the case of messages received from public offices or message centers over Morse circuits, the time interval shall be measured from the received time placed on the message by the Morse operator to the time sent.

(3) In the case of messages received or filed in the message center over the telephone, the interval shall be measured from the received or filing time to the time sent.

(4) In the case of messages filed over customer tieline circuits, the interval shall be measured from the filing time at the message center to the time sent.

(5) In the case of messages received by other means, the interval shall be measured from the time received at the message center to the time sent.

(6) In cases where messages are subject to the RQ-BQ handling, the interval shall be measured from digit or received time, as the case may be, to the last EQ time.

§ 64.246 Exclusion of resages from tally. Messages other the lose specified in § 64.224, or on what the office speed of service cannot be accurately measured as specified in § 64.245, shall not be tallied. These messages include among others: Service, Wire, Press, Day Letter, Night Letter, Deadhead, Cable, Radio, EFM, messages received through reperforator relay, confirmation copies of messages previously delivered, messages accepted and marked on the relay copy "subject to office hours" and delayed for that reason and messages sent from the message center over Morse circuits or customer tieline circuits or commission agency circuits. All messages to be excluded from the tally shall be specifically listed in the company instructions issued to field offices.

MESSAGE CENTER SPEED OF SERVICE; TALLY ROUTINE FOR REPERFORATOR OPERATED MESSAGE CENTERS

§ 64.251 Volume of messages to be tallied. At each office studied there shall be tallied by time intervals each day between 9:01 a. m. and 6:00 p. m. Monday through Friday, a number of messages not less than one-half of 1 percent of the 24-hour daily average number of messages sent over multiplex and teleprinter reperforator circuits excluding tieline circuits, providing, however, that for each day a minimum of 75 messages shall be tallied by time intervals.

§ 64.252 Selection of messages to be tallied. (a) The selection of messages to be tallied shall be made in the following manner:

(1) The name or designation of each outgoing multiplex and teleprinter channel associated with a secondary reperforator and line transmitter, excluding tieline transmitters, shall be entered on a list of consecutively numbered cards. In the case of lightly loaded channels, two or more channels with adjacent line transmitters may be grouped together if it is practicable to make studies of these channels at the same time. The designation of these channels on the list or cards prepared shall be so arranged as to facilitate examination of the line transmitters.

(2) All observations of line transmitters shall be made in the order of their appearance on the list or cards prepared. Where a single line transmitter is being observed, the first message which it is possible to tally by time interval, of the types enumerated in § 64.224, shall be tallied. Where more than one line transmitter is being observed, the clerk shall tally from all channels under observation, a total number of messages equal to the number of channels in the group being observed. Thereafter, the tally clerk shall move to the next succeeding channel or channels, observations continuing until the required number of messages have been tallied. If after observing any transmitter or group of transmitters for a period of two minutes the required number of messages have not been tallied, the clerk shall, nevertheless, move to the next succeeding channel or channels. If, after all listed channels have been examined, an insufficient number of messages have been tallied,

observations shall be continued starting with the first channel observed that day. The last channel examined each day shall be the first channel examined the following day.

(3) If it is not necessary to observe messages continuously between 9:01 a. m. and 6:00 p. m. to secure the required number of tallies, the hours during which tallies are made shall be staggered from day to day so that each hour of the interval from 9:01 a. m. to

6:00 p. m. will be sampled as often as every other hour of that interval.

§ 64.253 Measurement of time inter-The following messages shall be tallied by time interval: Messages received in the message center over circuits manually operated at the sending terminal and reperforator operated at the message center and messages which show that they originated in the message center (such as originating tieline or telephoned messages) and which were manually transmitted from a local sending position. In the case of messages received in the message center over circuits manually operated at the sending terminal and reperforator operated at the message center, the interval shall be measured from the digit time to the time transmission is completed through the line transmitter. In the case of messages which show that they originated in the message center (such as originating tieline or telephoned messages) the interval shall be measured from the filing time to the time transmission is completed through the line transmitter.

ORIGIN TO DESTINATION SPEED OF SERVICE; TALLY ROUTINE FOR MESSAGES DELIVERED BY PRIVATE TIELINE

§ 64.261 Volume of messages to be tallied. At each office studied there shall be tallied for each day, Monday through Friday, not less than one-half of 1% of the total 24-hour daily average load of messages delivered over private tielines by manual teleprinter, telefax, or tieline switching equipment, provided, however, that a minimum of 15 messages daily shall be tallied by time intervals.

§ 64.262 Selection of message groups. Groups of messages to be sampled shall be selected for tallying in the following manner:

(a) Messages delivered by manual teleprinter or telefax.

(1) Each compartment designation of the file cabinets, containing messages transmitted over private tielines by manual teleprinter or Telefax, shall be entered on a card. Where large groups of messages, such as government messages, have in the past been filed separately from other messages without subdivision, subdivisions of such groups shall be made and a designation for each subdivision entered on a card so that there will be a representative number of cards for the number of messages in such groups.

(2) The entire set of cards shall be thoroughly shuffled daily and a number withdrawn to determine the groups of messages from which tallies will be made. These cards shall be withdrawn and used in the order of their appearance in the pack, so that the cumulative number of messages sent between 9:01 a. m. and

6:00 p. m. contained in the compartments or groups represented by the cards used is approximately 5% of the average 24-hour daily messages transmitted over private tielines by manual teleprinter or Telefax.

(b) Messages delivered by tieline

switching equipment.

(1) Each roll of monitor tape, on which are recorded copies of messages delivered by tieline switching equipment on weekdays, Monday through Friday, shall be designated with a separate number.

(2) A numbered card shall be prepared for each numbered roll of monitor tape. The entire set of cards, representing an equal number of monitor rolls, shall be thoroughly shuffled daily, and a number withdrawn to determine the monitor rolls from which tallies will be made. These cards shall be withdrawn and used in the order of their appearance in the pack, so that the cumulative number of messages sent between 9:01 a.m. and 6:00 p.m. recorded on the monitor tape rolls represented by the cards is approximately 5% of the average 24-hour daily messages transmitted to tielines by the tieline switching equipment.

§ 64.263 Selection of messages to be tallied. (a) Messages delivered by manual teleprinter or Telefax. The individual messages to be tallied from the compartments or groups selected as outlined in § 64.262 (a) shall be determined from the sent wire number as follows:

 A set of ten cards shall be prepared, each card bearing one of the digits

0 to 9.

(2) The ten cards shall be thoroughly shuffled face down. The digit appearing on the bottom card shall determine the messages to be tallied. Each message in the selected compartments or groups transmitted between 9:01 a.m. and 6:00 p.m. on which the sent wire number ends in the digit selected shall be tallied.

(3) If, in accordance with the foregoing instructions, the required 15-message tallies by time interval are not obtained from examination of the messages in the compartments or groups originally selected (containing approximately 5% of the average 24-hour daily sent messages) a number of additional message compartments shall be selected and examined in the order their designations appear in the shuffled pack. In no event, however, shall it be necessary to select and examine more than 10% of the total average 24-hour sent messages. If experience shows that examination of 10% of the total average 24-hour daily sent messages does not produce 15 tallies by time interval, however, additional messages in the compartments examined shall be selected and tallied by simultaneous use of one or more additional digits. These digit numbers shall be selected in order from the bottom of the pack of digit cards. In no case, however, shall less than 5% of the average 24hour daily sent messages be examined for tallying when two or more digits are used.

(b) Messages delivered by tieline switching equipment.

(1) A digit shall be selected, as outlined in paragraph (a) (1) and (2) of this section.

(2) Each message in the selected monitor tape rolls transmitted between 9:01 a. m. and 6:00 p. m. on which the sent wire number ends in the digit selected shall be tallied.

(3) If, in accordance with the above instructions, the required 15 tallies are not obtained from examination of the messages recorded on the selected monitor tape roll, additional monitor tape rolls shall be examined in the order their designations appear in the shuffled pack. In no event shall it be necessary to examine more than 10% of the total average 24-hour daily sent messages. If experience shows that examination of 10% of the total average 24-hour daily sent messages does not produce 15 tallies by time intervals, however, additional messages on the monitor tape rolls examined shall be selected and tallied by simultaneous use of one or more additional digits. These digit numbers shall be selected in order from the bottom of the pack of digit cards. In no case, however, shall less than 5% of the average 24-hour daily messages sent by tieline switching equipment be examined for tallying when two or more digits are used.

§ 64.264 Exclusion of messages from tally. Messages, other than those specified in § 64.224, shall not be tallied. These messages include among others: Service, Wire, Press, Day Letter, Night Letter, Deadhead, Cable, Radio, EFM, messages accepted and marked on the relay copy "subject to office hours" and delayed for that reason, and messages delayed in delivery due to special instructions of the sender or addressee. All messages to be excluded from the tally shall be specifically listed in the company instructions issued to field offices.

§ 64.265 Measurement of time interval. The interval of time to be measured is from the time filed to time delivered as defined in §§ 64.205 to 64.207.

ORIGIN TO DESTINATION SPEED OF SERVICE; TALLY ROUTINE FOR MESSAGES DELIVERED BY TELEPHONE

§ 64.271 Volume, selection, and measurement. (a) Procedure at message centers.

(1) The type of tally routine prescribed for messages delivered over private tie-lines, manual teleprinter and telefax, §§ 64.261 to 64.265 shall apply in the selection and tally of messages delivered by telephone from mesage centers, except that the individual messages to be tallied from the selected compartments or groups of telephoned messages shall be determined from the received wire number.

(b) Procedure at delivery offices.

(1) Origin to destination speed of service studies shall be conducted at each city numerated in § 64.221 with respect to each delivery office regularly delivering by telephone an average of 50 or more messages daily on weekdays, Monday through Friday, exclusive of holidays.

(2) Each city with 8 or more delivery offices of the type described above shall separate the offices into four groups, designated Group 1, Group 2, Group 3, and Group 4; each group comprising ap-

proximately the same number of offices. Cities with less than 8 offices of the type described above shall designate such offices as Group 1.

(3) Four times monthly in different weeks the headquarters office shall choose a four-hour period between the hours of 9:01 a. m. and 6:00 p. m. during a weekday Monday through Friday, excluding holidays, to study the origin to destination speed of service on messages delivered by telephone from one of the four groups of offices. The field offices shall not be notified of the selected group earlier than the day following the day selected for study. The date and hours of study and the group of offices to be studied shall be alternated in such a manner that the field offices cannot anticipate the period to be studied and that all the various hours and days will be studied from time to time, and that each group of offices is studied once each month.

(4) In each delivery office involved each message of the type described in § 64.224 which was delivered by telephone during the four-hour period selected for study shall be tallied, except that messages delivered by telephone and subsequently dispatched for physical delivery by messenger or by mail need not be tallied.

(5) The interval of time to be measured is from the time filed to time delivered, as defined in §§ 64.205 to 64.207.

ORIGIN TO DESTINATION SPEED OF SERVICE; TALLY ROUTINE FOR MESSAGES DELIVERED BY MESSENGER

§ 64.281 Procedure for manually operated Message Centers. The type of tally routine prescribed for messages delivered by teleprinter private tieline, §§ 64.261 to 64.265, shall apply in the selection and tally of messages manually transmitted to teleprinter operated delivery offices, except that the interval of time to be measured is from time filed to time transmitted to the delivery office.

§ 64.282 Procedure for reperforator offices. The volume, selection and measurement of messages at reperforator offices shall be conducted as follows:

(a) Volume of messages to be tallied. At each office studied there shall be tallied by time intervals each day, Monday through Friday, a number of messages not less than one-half of 1% of the 24-hour daily average number of messages sent over teleprinter operated delivery office circuit, provided, however, that for each day a minimum of 15 messages shall be tallied by time intervals.

(b) Selection of messages to be tallied. The selection of messages to be tallied shall be made in the following manner:

(1) The name or designation of each outgoing teleprinter operated delivery office channel associated with a secondary reperforator and line transmitter shall be entered on a list of consecutively numbered cards. In the case of lightly loaded channels, two or more channels with adjacent line transmitters may be grouped together if it is practicable to make studies of these channels at the same time. The designation of these channels on the list of cards prepared

shall be so arranged as to facilitate examination of the line transmitters.

(2) All observations of line transmitters shall be made in the order of their appearance on the list of cards prepared. Where a single line transmitter is being observed, the first message which it is possible to tally by time interval, of the types enumerated in § 64.224, shall be tallied. Where more than one line transmitter is being observed, the clerk shall tally, from all channels under observation, a total number of messages equal to the number of channels in the group being observed. Thereafter, the tally clerk shall move to the next succeeding channel or channels, observations continuing until the required number of messages have been tallied. If, after observing any transmitter or group of transmitters for a period of two minutes the required number of messages have not been tallied, the clerk shall nevertheless move to the next succeeding channel or channels. If, after all listed channels have been examined, an insufficient number of messages have been tallied, observations shall be continued starting with the first channel observed that day. The last channel examined each day shall be the first channel examined the following day.

(3) If it is not necessary to observe messages continuously between 9:01 a. m. and 6:00 p. m. to secure the required number of tallies, the hours during which tallies are made shall be staggered from day to day so that each hour of the interval from 9:01 a. m. to 6:00 p. m. will be sampled as often as every other

hour of that interval.

(c) Measurement of time interval. The interval of time to be measured is from time filed to the time transmission is completed through the line transmitter.

§ 64.283 Procedure at delivery offices. The following procedure shall be observed at delivery offices providing delivery by messengers:

(a) The selection of messages to be tallied shall be made in the following manner:

(1) At all delivery offices where more than 50% of the routes are business routes in the cities enumerated in § 64.221, regularly maintaining route sheets, records shall be kept on route sheets showing whether the message controlling the due-out time is a business message. Each business route sheet shall indicate the due-out time according to established routing times, the time sent out, and the time returned. The due-out time shall be computed from the digit time at teleprinter operated offices working with manual relays and from the time received at other offices.

(2) Each city with 8 or more business offices shall separate the offices into four groups, designated Group 1, Group 2, Group 3, and Group 4; each group comprising approximately the same number of offices. Cities with less than 8 business offices shall be designated Group 1.

(3) Four times monthly in different weeks the headquarters office shall choose a four-hour period between the hours of 9:01 a. m. and 6:00 p. m. during a weekday, Monday through Friday, exclusive

of holidays, to study routing and delivery performance on business routes at one of the four groups of offices. offices shall be notified of the selected group not earlier than the day following the day selected for study that a routing and delivery performance report shall be prepared from the route records of the day selected. The date and hours of study and the group of offices to be studied shall be alternated in such manner that the field offices cannot anticipate the period to be studied and that all the various hours and days will receive a study from time to time, and that each group of offices is studied once a month.

business routes sent out during the hours selected shall be used to prepare routing and delivery performance studies.

(b) The measurement of time intervals shall be made in two steps, as follows:

(1) The "time received" at the delivery office to time routed out shall, in the case of routes carrying only one message delivery, comprise the interval from the digit or received time, as the case may be, to the time routed out. Where two or more messages comprise a single route, the interval from the digit or received time of the control message on the route to the time routed out shall be divided

by two. The weighted average routing out time for all messages tallied shall be computed by multiplying the time interval for each route, as prescribed above, by the number of messages on that route, and dividing the total of such computations by the total number of messages.

(2) The time routed out to time delivered shall comprise the interval from the time the route was dispatched to the time the messenger returned, divided by two. The weighted average delivery time for all messages tallied shall be computed as prescribed in paragraph (b) (1) of this section.

Department of the Navy

SALE OF NATURAL GASOLINE

(1) Pursuant to the act of Congress approved June 4, 1920, relating to the conservation, care, custody, protection, and operation of Naval Petroleum and Oil Shale Reserves (41 Stat. 813), as amended by an act of Congress approved June 30, 1938 (52 Stat. 1252), and as further amended by an act of Congress approved June 17, 1944 (58 Stat. 280), the United States of America (hereinafter referred to as "Navy") hereby invites bids for the purchase of such quantities of natural gasoline as may be allocated to and available for sale by Navy, during the period from May 6, 1949, to July 1, 1954, under the provisions of Unit Plan Contract Nod-4219 dated June 19, 1944 and relating to Naval Petroleum Reserve Numbered 1 (Elk Hills), Kern County, California.

(2) The public sale will take place in Room 402, U. S. Post Office and Court House Building, Los Angeles, California, at 10:00 a. m. (P. s. t.), May 5, 1949. Sealed bids and statements describing the bidder's qualifications will be received by the Secretary of the Navy, addressed to him at that address until said time. All bids must conform to the terms and conditions of the Invitation for Bids and the above cited acts. The bids and statements will be publicly opened and read aloud at said time and place; any interested parties may be present and will be heard with respect to the subject matter. A bidder who has complied with the provisions of the Invitation for Bids may forthwith, after all bids have been read, change the bid price or prices, and such change or changes shall be immediately incorporated in his bid by written amendment thereto signed by the bidder. No change will be permitted, however, which will have the effect of lowering any price bid. After all bidders present have been heard, the bids will be taken under advisement by Navy and an acceptance by the Secretary of the Navy will be made within sixty (60) days thereafter, subject, however, to approval of the contract by the President of the

United States. Navy reserves the right in the public interest to reject all bids and order a new public sale.

(3) The natural gasoline offered for sale is all such gasoline available for sale by Navy under said Unit Plan Contract during the said period. The quantities of gasoline, if any, available from time to time, are necessarily indefinite and depend upon, among other things, practical considerations in field operations, the rate and continuance of the production of petroleum for Navy's account under the provisions of said Unit Plan Contract, and such quantities as Navy may in its discretion reserve for its use in connection with operations under the said Unit Plan Contract. Deliveries will be effected at the so-called Elk Hills gasoline plant in the North Half of the North East Quarter of Section 3, Township 31 South, Range 24 East, M. D. B. & M., Kern County, California, and/or at any other similar plant operated under the provisions of the Unit Plan Contract.

(4) The Invitation for Bids which contains complete information concerning form of bids, bond requirements, payments, deliveries, volume measurements, quality of gasoline, provisions respecting price, form of contract, information to be supplied by bidders, etc., may be obtained by prospective bidders from the Director, Naval Petroleum and Oil Shale Reserves, Executive Office of the Secretary, Navy Department, Washington 25, D. C., or the Inspector, Naval Petroleum Reserves in California, Room 402, U. S. Post Office and Court House Building. Los Angeles, California, or the District Supply Officer, Eleventh Naval District. San Diego, California.

Dated: APRIL 6, 1949.

### SALE OF ROYALTY CRUDE OIL

(1) Pursuant to the act of Congress approved June 4, 1920, relating to the conservation, care, custody, protection, and operation of the Naval Petroleum and Oil Shale Reserves (41 Stat. 813),

as amended by an act of Congress approved June 30, 1938 (52 Stat. 1252), and as further amended by an act of Congress approved June 17, 1944 (58 Stat. 280), the United States of America (hereinafter referred to as "Navy") hereby invites bids for the purchase of two separate lots of Royalty Crude Oil accruing to Navy during the five-year period from July 1, 1949, to July 1, 1954, under the provisions of certain leases (more fully described in the Invitation for Bids) of Navy lands in Naval Petroleum Reserve Numbered 2 (Buena Vista Hills), Kern County, California.

(2) The public sale will take place in Room 402, U. S. Post Office and Court House Building, Los Angeles, California, at 11:30 a. m. (P. s. t.), May 5, 1949. Sealed bids and statements describing the bidder's qualifications will be received by the Secretary of the Navy, addressed to him at that address until said time. All bids must conform to the terms and conditions of the Invitation for Bids and the above cited acts. Bids may be submitted for one or both lots. and statements will be publicly opened and read aloud at said time and place: any interested parties may be present and will be heard with respect to the subject matter. A bidder who has complied with the provisions of the Invitation for Bids may forthwith, after all bids have been read, change the bid price or prices, and such change or changes shall be immediately incorporated in his bid by written amendment thereto signed by the bidder. No change will be permitted, however, which will have the effect of lowering any price bid. After all bidders present have been heard, the bids will be taken under advisement by Navy and an acceptance by the Secretary of the Navy will be made within thirty (30) days thereafter. Navy reserves the right in the public interest to reject all bids and order a new public sale.

(3) The Royalty Crude Oil offered for sale consists of two separate lots comprising together all such oil to which Navy may be entitled under said leases during said five-year period. The quantities of royalty oil which will be available for sale are necessarily indefinite and depend upon, among other things, practical considerations in field operations, the rate and continuance of petroleum

production under said leases, and the royalty due Navy thereunder during the term of this contract. The current approximate accruals are as follows:

Lot No. 1\_\_\_\_\_ 15,000 barrels monthly. Lot No. 2 \_\_\_\_\_ 14,000 barrels monthly.

Deliveries to the successful bidder or bidders will be effected without cost to Navy by each of said Government lessees from their storage tanks on their respective leases or otherwise, as set forth in Article II of Exhibit A of the Invitation for Bids referred to below.

(4) The Invitation for Bids which contains complete information concerning form of bids, bond requirements, payments, deliveries, volume measurements, quality of royalty crude oil, provisions respecting price, form of contract, information to be supplied by bidders, etc., may be obtained by prospective bidders from the Director, Naval Petroleum and Oil Shale Reserves, Executive Office of the Secretary, Navy Department, Washington 25, D. C., or the Inspector, Naval Petroleum Reserves in California, Room 402, U. S. Post Office and Court House Building, Los Angeles, California, or the District Supply Officer, Eleventh Naval District, San Diego, California.

Dated: April 6, 1949.

### SALE OF NATURAL GAS

(1) Pursuant to the act of Congress approved June 4, 1920, relating to the conservation, care, custody, protection, and operation of the Naval Petroleum and Oil Shale Reserves (41 Stat. 813), as amended by an act of Congress approved June 30, 1938 (52 Stat. 1252), and as further amended by an act of Congress approved June 17, 1944 (58 Stat. 280), the United States of America (hereinafter referred to as "Navy") hereby invites bids for the purchase of such quantities of Natural Gas as may be allocated to and available for sale by Navy, during the five-year period commencing at 7:00 a. m. on the tenth day following approval of sale by the President of the United States, under Unit Plan Contract Nod-4219, dated June 19, 1944 and relating to Naval Petroleum Reserve Numbered 1 (Elk Hills), Kern County, California.

(2) The public sale will take place in Room 402, U. S. Post Office and Court House Building, Los Angeles, California, at 10:30 a. m. (p. s. t.), May 5, 1949. Sealed bids and statements describing the bidder's qualifications will be received by the Secretary of the Navy, addressed to him at that address, until said time. All bids must conform to the terms and conditions of the Invitation for Bids and the above cited acts. The bids and statements will be publicly opened and read aloud at said time and place; any interested parties may be present and will be heard with respect to the subject matter. A bidder who has complied with the provisions of the Invitation for Bids may forthwith, after all bids have been read, change the bid price or prices, and such change or

changes shall be immediately incorporated in his bid by written amendment thereto signed by the bidder. No change will be permitted, however, which will have the effect of lowering any price bid. After all bidders present have been heard. the bids will be taken under advisement by Navy and an acceptance by the Secretary of the Navy will be made within sixty (60) days thereafter, subject, however, to approval of the contract by the President of the United States. Navy reserves the right in the public interest to reject all bids and order a new public

(3) The natural gas offered for sale is all such gas available for sale by Navy under said Unit Plan Contract during said five-year period, including both dry gas and residual dry gas. By "dry gas" is meant gas from which it is uneconomic to remove natural gasoline vapors. By "residual dry gas" is meant gas from which said vapors have been removed. The quanities of gas, if any, available from time to time are necessarily indefinite and depend upon, among other things, practical considerations in field operations, the rate and continuance of the production of petroleum for Navy's account under the provisions of said Unit Plan Contract, and such quantities as Navy may in its discretion reserve for its use in connection with operations under the said Unit Plan Contract. Deliveries will be effected as follows:

(a) Dry gas must be taken by the buyer at each particular well where such gas is being produced at full well-head pressure.

(b) Residual dry gas must be taken by the buyer at the outlet of the one or more gasoline extraction plants where said gas is processed.

The successful bidder shall not be bound to purchase and take (but may if he so desires) more than five million (5,000,000) cubic feet of gas (including both dry and residual dry gas) during any calendar day of twenty-four (24) hours, nor more than one hundred fifty million (150,000,000) cubic feet of said gas during any one calendar month. Navy reserves the right to reduce or stop production of such gas under certain conditions described in the Invitation for Bids.

(4) The Invitation for Bids which contains complete information concerning form of bids, bond requirements, payments, deliveries, volume measurements, quality of gas, provisions respecting price, form of contract, information to be supplied by bidders, etc., may be obtained by prospective bidders from the Director, Naval Petroleum and Oil Shale Reserves, Executive Office of the Secretary, Navy Department, Washington 25, D. C., or the Inspector, Naval Petroleum Reserves in California, Room 402, U. S. Post Office and Court House Building, Los Angeles, California, or the District Supply Officer, Eleventh Naval District, San Dieo, California.

Dated April 6, 1949.

### FEDERAL POWER COMMISSION

[Project No. 2020]

EL DORADO AND PLACER COUNTIES, CALIF.

NOTICE OF APPLICATION FOR PRELIMINARY PERMIT

APRIL 5, 1949.

Public notice is hereby given that the County of El Dorado and the County of Placer, California, have made joint application under the Federal Power Act (16 U. S. C. 791a-825r) for preliminary permit for a period of 18 months for a proposed hydroelectric Project No. 2020 to be located on American River in Sacramento County, California. proposed project would utilize for power purposes water from Folsom Dam and Reservoir, a multiple-purpose project authorized by the Flood Control Act of 1944 (58 Stat. 887) for construction under the direction of the Secretary of the Army and the Chief of Engineers, and would consist of a power plant immediately below Folsom Dam, a power plant below a proposed dam in the vicinity of Folsom, California, downstream from the main Folsom Dam, and appurtenant facilities.

A preliminary permit, if issued, shall be for the sole purpose of maintaining priority of application for a license under the Federal Power Act to enable the applicants herein to make examinations and surveys, to prepare maps, plans, and estimates, and to make financial arrangements required for the filing of an application for license under the act. A

preliminary permit, if issued, will not authorize construction of a project or any part thereof.

Any protest against approval of this application or request for hearing thereon, with the reasons for such protest or request, and the name and address of the party or parties so protesting or requesting, should be submitted on or before May 16, 1949, to the Federal Power Commission, Washington 25, D. C.

[Docket No. G-1183]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

APRIL 5, 1949.

Notice is hereby given that on March 23, 1949, Northern Natural Gas Company (Applicant), a Delaware corporation having its principal place of business at Omaha, Nebraska, filed an application with the Federal Power Commission for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural-gas transmission facilities described as follows:

(1) Compressor station additions. (a) Two (2) 1,600 h. p. compressor units, together with other appurtenances and equipment, at the proposed new Garden City, Kansas, Compressor Station.

(b) One (1) 1,600 h. p. compressor unit at the Sublette, Kansas, Compressor Station.

(c) Two (2) 1,600 h. p. compressor units at the Bushton, Kansas, Compressor Station.

(d) Two (2) 1,600 h. p. compressor units at the Clifton, Kansas, Compressor Station.

(e) One (1) 1,600 h. p. compressor unit at the Beatrice, Nebraska, Compressor Station.

(f) Two (2) 1,600 h. p. compressor units at the Palmyra, Nebraska, Compressor Station.

(2) Pipeline additions. (a) Approximately 155.00 miles of 20-inch O. D. pipeline beginning at a point in Section 4, Township 24 South, Range 34 West, Finney County, Kansas, and extending in a northeasterly direction to the Bushton, Kansas, Compressor Station located in Section 6, Township 18 South, Range 9 West, Rice County, Kansas.

(b) Approximately 34.73 miles of 24-inch O. D. 3d pipeline, beginning at the Bushton, Kansas, Compressor Station, in Section 6, Township 18 South, Range 9 West, Rice County, Kansas, and extending in a northerly direction to a point in Section 15, Township 13 South, Range 6

West, Lincoln County, Kansas.

(c) Aproximately 30.36 miles of 24-inch O. D. loop line beginning at a point in Section 35, Township 12 North, Range 13 East, Cass County, Nebraska, and extending in a northeasterly direction to a point in Section 13, Township 74 North, Range 41 West, Pottawattamie County, Iowa.

(d) Approximately 48.09 miles of 24-inch O. D. loop line beginning at a point in Section 19, Township 77 North, Range 36 West, Cass County, Iowa, and extending in a northeasterly direction to a point in Section 26, Township 82 North, Range 30 West, Greene County, Iowa.

(e) Approximately 19.51 miles of 24-inch O. D. loop line beginning at a point in Section 22, Township 92 North, Range 25 West, Wright County, Iowa, and extending in a northerly direction to a point in Section 4, Township 94 North, Range 23 West, Hancock County, Iowa.

(f) Approximately 39.45 miles of 24-inch O. D. loop pipeline beginning at a point in Section 4, Township 107 North, Range 21 West, Steele County, Minnesota, and extending in a northerly direction to a point in Section 36, Township 114 North, Range 20 West, Dakota County, Minnesota.

(3) Miscellaneous additions. A complete solid adsorbent (Florite) dehydration plant, including a 217 H. P. boiler, boiler house, two (2) 108" x 40' 5" 900# WP adsorbers, together with other appurtenances and equipments, at the site of proposed Garden City, Kansas, Compressor Station ((1) (a) above).

The application states that the proposed facilities, together with the installation of certain of the facilities not yet constructed but authorized "In the Matter of Northern Natural Gas Company," Docket No. G-1064, October 12, 1948, will enable Applicant to increase its present system sales capacity of approximately 425,000 Mcf per day north of Kansas to approximately 530,000 Mcf per day. In Docket No. G-1064, as amended, Applicant was granted a certificate of public convenience and necessity for the installation of facilities estimated to increase its system sales capacity north of Kansas to 470,000 Mcf per day. Applicant proposes to begin construction of the facilities for which authorization is sought herein in the spring of 1950 and expects to complete such construction in October 1950 in order to add approximately 60,000 Mcf per day of additional capacity for the 1950-1951 heating season.

The estimated total over-all capital cost of the proposed facilities is \$20,-265,000. Applicant proposes to finance this cost of construction by either the sale of debentures or the obtaining of bank loans or a combination of those methods. The estimated cost of all property changes and additions required for increasing capacity from an estimated 470,000 Mcf to 530,000 Mcf per day, including drilling 90 gas wells and constructing gathering lines, is estimated at \$7,535,000, making a total estimated cost of \$27,800,000.

Applicant requests that the intermediate decision procedure be omitted and waives oral hearing and opportunity for filing exceptions to the decision of the Commission, and that the application be disposed of pursuant to the shortened procedure as set out in § 1.32 (b) of the Commission's rules of practice and procedure.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Northern Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from date of publication of this notice in the Federal Register, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 or 1.10, whichever is applicable, of the Commission's rules of practice and procedure.

CITIES SERVICE CO. AND OHIO PUBLIC SERVICE CO.

SUPPLEMENTAL ORDER GRANTING AND PER-MITTING AMENDED APPLICATION-DECLARA-TION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 5th day of April A. D. 1949.

The Commission, by order dated March 15, 1949, having granted and permitted to become effective a joint applicationdeclaration, as amended, of Cities Service Company ("Cities"), a registered holding company, and the Ohio Public Service Company ("Public Service"), a subsidiary of Cities, regarding, among other things, the sale by Cities of 638,160 shares of \$7.50 par value common stock of Public Service and the issuance and sale by Public Service of 361,840 additional shares of its \$7.50 par value common stock and \$10,000,000 principal amount of First Mortgage Bonds \_\_ % Series, due 1979, all pursuant to the competitive bidding requirements of Rule U-50 promulgated pursuant to the Public Utility Holding Company Act of 1935, subject, among other things, to the conditions that the proposed sale of common stock by Cities and the proposed issuance and sale of common stock and bonds by Public Service shall not be consummated until the results of the competitive bidding, pursuant to Rule U-50, shall have been made a matter of record in this proceeding and a further order shall have been entered in the light of the record so completed, jurisdiction being reserved for such purpose; and the Commission having reserved jurisdiction in said order with respect to all fees and expenses to be paid to counsel, including independent counsel for the prospective bidders, and to the financial adviser of the applicantdeclarant; and

Cities and Public Service having filed a further amendment to the joint application-declaration setting forth the action taken to comply with the Commission's order of March 15, 1949, and the requirements of Rule U-50, said amendment stating that the bonds will be offered for competitive bidding by Public Service at a later date and that pursuant to the invitation for competitive bids with respect to the common stock, the following bids were received:

Said amendment further stating that the bid of the underwriting group headed by Blyth & Co., Inc., as set out above, has been accepted and that the common stock will be offered to the public at a price of \$16.00 per share, resulting in an underwriting spread of \$0.97 per share which is equal to 6.45% of the price to the company and 6.06% of the public offering price; and

The Commission having examined said amendment, and having considered the entire record, and finding no basis for imposing terms and conditions with respect to the sale by Cities and the issue and sale by Public Service of said com-

mon stock:

It is ordered, That the jurisdiction heretofore reserved with respect to the matters to be determined as a result of competitive bidding for said common stock under Rule U-50 be, and the same hereby is, released and that the joint application-declaration, as further amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That the jurisdiction heretofore reserved in the Commission's order of March 15, 1949 is retained with respect to the results of competitive bidding under Rule U-50 as to the bonds of Public Service and also with respect to all fees and expenses to be paid to counsel, including independent counsel for underwriters, and to the financial adviser of the applicant-declarant.

By the Commission.

INTERSTATE POWER CO.
NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 5th day of April A. D. 1949.

Notice is hereby given that Interstate Power Company ("Interstate"), a registered holding company and an operating public utility company, has filed a declaration and amendments thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935. Sections 6 and 7 of the act have been designated by the declarant as being applicable to the proposed transactions.

Notice is further given that any interested person may, not later than April 19, 1949, request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration, as filed or as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after April 19, 1949, said declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration and amendments thereto which are on file in the office of this Commission, for a statement of the transactions therein proposed which may be

summarized as follows:

Interstate proposes to issue and sell at par from time to time between June 1, 1949 and December 15, 1949 collateral promissory notes in the aggregate amount of \$2,400,000. Said notes, bearing an interest rate of 3% per annumand maturing on or before June 30, 1950, will be issued to the Chase National Bank of the City of New York and Manufacturers Trust Company, respectively, in equal amounts not to exceed \$1,200,000 to each of said banks in accordance with the terms of a loan agreement which expires December 15, 1949. The notes may be prepaid in whole or in part at any time without premium.

Interstate further proposes to issue and pledge, as collateral security for each of the above mentioned notes, an equal principal amount (not exceeding \$2,-400,000) of its First Mortgage Bonds, 4½% Series due 1978, to be authenticated and issued for such purpose, on the basis of property additions in accordance with the trust indenture secur-

ing said bonds.

Interstate requests the Commission to authorize, at this time, the issuance and sale of only \$1,900,000 aggregate principal amount of its 3% collateral promissory notes as described hereinabove in equal amounts to the order of the two above named banks from time to time up to December 15, 1949, and the issue and pledge as collateral security therefor of and equal principal amount of First Mortgage Bonds, 4½% Series due 1978.

Interstate further requests that the Commission reserve jurisdiction until a later date but prior to December 15, 1949, with respect to the proposed issuance and sale of the additional \$500,000 principal amount of its 3% promissory notes

and the issuance and pledge of \$500,000 principal amount of its First Mortgage Bonds, 4½% Series due 1978, as collateral security for said additional notes. Declarant states that it is presently studying the advisability of issuing equity securities to finance, in part, its construction program.

The declaration states that the proceeds of the notes will be used to finance the construction program of the declarant. It is indicated that with respect to the proposed transactions, no approval is required of any regulatory body (Federal or State), other than this Commission. The expenses in connection with the proposed transactions are estimated by Interstate at \$14,240, of which \$2,500 represents estimated fees for legal services.

By the Commission.
